

Company Fact Sheet

NetMotion Wireless® is a software company that enables businesses and government agencies to maximize the productivity of their mobile workforces. The company's flagship solution, Mobility XE™, allows mobile workers to maintain and optimize mobile data connections as they move in and out of wireless coverage areas and roam between networks. Over 1,700 of the world's most respected organizations rely on NetMotion everyday, including major public utilities, healthcare organizations, communications providers, public safety agencies, transportation companies, insurance companies, field service organizations and many others. NetMotion Wireless has been named one of the country's 50 fastest growing wireless companies, has earned over 25 industry awards for its outstanding technology, on the Deloitte LLP's ranking list of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America and was also voted one of Washington's 100 Best Companies to Work For. NetMotion Wireless is a Microsoft Gold Certified Partner for Mobility Solutions.
